

Tree on Carmel Valley Road

focus on beauty

Fine art photographer Marc Silber has a passion for capturing a sense of place in his work. After studying Silber's portfolio, we challenged him to capture one of our favorite places—the South Bay. We gave him free creative license to photograph everything from the rugged coastline of Big Sur to the hustle and bustle of San Jose. On the following pages you'll find an exquisite selection of his marvelous images.

Grass at Big Sur

Big Sur Fence

Long Ridge Ranch

San Jose Museum of Modern Art

Private Estate in Carmel Highlands
